

How to connect to the UTH wireless network (UTHealth)

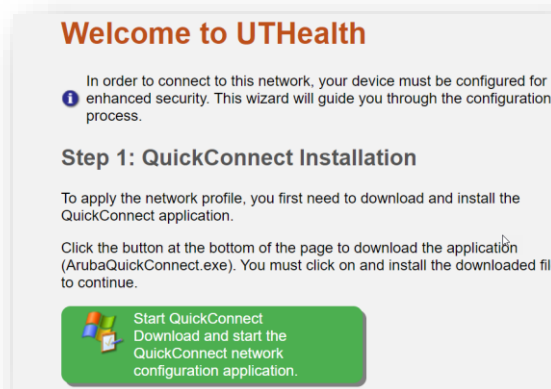

1. Navigate to the UTHealth Wireless registration page (<https://wifi.uth.edu/>)
2. Choose your operating system

3. Check that the correct system is selected (see below) and Login to register your device for the Wireless network.

4. Follow the instructions listed after you login. (The screen shot below is of a Windows Installation)

Please go to this page for step by step instructions for each system that you will connect with wireless: <https://go.uth.edu/wifi>

*If you have difficulties connecting please contact the Helpdesk at 713-4876-4848.*
