Support Our Students And Faculty

Providing Advancement Resources To Nursing Education Research and Students
PARTNERS was organized in 1994 to support and encourage the students and faculty of Jane and Robert Cizik School of Nursing at The University of Texas Health Science Center at Houston (UTHealth). PARTNERS raises funds through the Circle of Support and special events to provide nursing scholarships and faculty research grants.

PARTNERS supports students from enrollment to graduation. The PARTNERS Scholarship Endowment has grown in value to more than $2 million. PARTNERS has provided over 150 full-tuition nursing scholarships, 56 faculty research grants and four PARTNERS endowed professorships. PARTNERS funded the student lounge on the second floor of the Cizik School of Nursing building with a state-of-the-art setting for studying and gathering with friends. In addition, PARTNERS was a major contributor to the Center on Nursing Research Biological Sciences Laboratory and the Pre-Clinical Critical Care Laboratory. Upon graduation, PARTNERS provides the traditional Cizik School of Nursing pins to all Bachelor of Science students, signifying the transition from student nurse to practicing nurse.
Your gift to the Circle of Support provides transformational scholarship support for nursing students and critical resources for faculty research projects. Through this support, the school is able to recruit the best and brightest students and faculty. As a supporter, you will receive invitations to exclusive PARTNERS events throughout the year.

To join the PARTNERS Circle of Support or find more information on other ways to support Cizik School of Nursing, please refer to the reply card included in this brochure.
