

Janice Lee

(713) 530-4345 • leejanice123@gmail.com

Accomplished Doctor of Nursing Practice and Board-Certified Family Nurse Practitioner with over 15 years of combined experience in academic instruction, emergency/trauma care, and advanced practice leadership. Proven track record in graduate nursing education, curriculum design, and clinical program development, with a specialized focus on training advanced practice nurses in high-acuity environments. Demonstrated success in directing simulation-based learning, fostering interprofessional collaboration, and expanding academic-clinical partnerships. Recognized for integrating evidence-based teaching methodologies and leading initiatives that elevate clinical competence, critical thinking, and decision-making in emergency care. Adept at mentorship, strategic planning, and managing continuing education programs aligned with national accreditation and certification standards.

Experience

2018 – PRESENT

Casual Faculty, Post-Master's Emergency/Trauma Program | UTHealth Cizik School of Nursing | Houston, TX

- Lead graduate-level course design and delivery for emergency/trauma nurse practitioner curriculum, aligning with AACN Essentials and national certification standards
- Design simulation and continuing education curricula aligned with emergency care best practices
- Develop community-based clinical partnerships to support program expansion and enhance clinical placement opportunities
- Coordinate faculty development workshops and continuing education seminars for clinical preceptors and advanced practice providers

2015 – PRESENT

Assistant Director, Advanced Practice Providers (APPs) | UTHealth McGovern Medical School, Dept of Emergency Medicine | Houston, TX

- Manage onboarding, education, and performance improvement for APPs across emergency departments
- Oversee continuing education programs integrating simulation training, hands-on procedural workshops, and interdisciplinary collaboration
- Implement workforce optimization strategies to streamline workflows and improve clinical productivity and staff retention

2013 – PRESENT

Emergency Nurse Practitioner | LBJ General Hospital & Memorial Hermann Hospital TMC | Houston, TX

- Provide advanced, autonomous care in **emergency and trauma settings**, with expertise in differential diagnosis, procedural interventions, and urgent stabilization.
- Perform high-level clinical procedures including bedside ultrasound, intubation, central/arterial line placement, and lumbar punctures.
- Collaborate with interdisciplinary teams to coordinate care across trauma services and critical care units.
- Precept and mentor nurse practitioner students and new graduates, fostering clinical excellence and critical thinking

Academic Scholarship

- **DNP Final Project:** “Immediate Discharge with Home Treatment for Low-Risk Venous Thromboembolisms Diagnosed in the Emergency Department”
- **Master’s Project:** “Age-Adjusted Well’s Score for Pulmonary Embolism Risk Stratification”
