

## Trailblazers: Nursing Scholarships

A MATCHING PROGRAM TO AMPLIFY YOUR IMPACT

UTHealth Houston Trailblazers pursue a vision of a healthier future for all, investing their talent, time, and philanthropic support to advance initiatives that will leave an indelible mark on generations to come.

Through the **UTHealth Houston Trailblazers** program, you can quadruple the impact of your gift to support undergraduate or graduate nursing student scholarships, helping develop the skilled health professionals who will shape the future of patient care. **For a limited time, the university will provide a three-to-one institutional match to new, qualified pledges of \$100,000 to \$1,000,000 made to enhance existing nursing scholarship endowments or to establish new ones.**

Endowments provide a permanent source of funding to address critical health challenges facing our patients, city, state, and health care system. Earned income supports the cause designated by you, while the corpus is never spent, allowing the endowment to carry on in perpetuity.

By investing in nursing scholarships, you empower the next generation of nurses and ensure that future health care leaders are equipped to serve our communities, improve patient care, and respond to critical needs. Your generosity will open doors for students—regardless of their financial background—to pursue an education that will enhance the health of our communities and beyond.
